FEATURES

Since the turn of the coming decades, beauty-inspired carved tiles have established a permanent place in the industry. In addition to the features listed below, these tiles have a wide range of additional features that make them more fashionable, trending, and comfortable to use overall.

 <p>Unalterable to UV Rays</p>	 <p>Fire Resistant</p>	 <p>Impervious</p>	 <p>Lightness</p>	 <p>Low Absorption</p>
 <p>Frost Attack</p>	 <p>Resistant to Chemical</p>	 <p>Resistant to stain</p>	 <p>Fast Assembly</p>	 <p>100% Recyclable</p>

 <p>Scratch Resistant</p> <p>Ensure maximum protection from heat, fire, contact with food and scratches.</p>	 <p>Chemical Resistant</p> <p>Guarding your application towards food stains, frost, and water (rings).</p>	 <p>Impact Resistant</p> <p>Made with ecological processes and eco-conscious materials, the products are a greener choice.</p>
---	---	---

Standing true to the test of time, the superior collection is extremely resistant to heat, fire, scratches, stains, discoloration or color alteration, frost, water, and/or any other strength and feature test, enabling it to remain as good as new.

UNIT - 3
800x1600mm

Like a piece of beautifully sculpted and carved stone that enlivens our senses, each design of Marvela FLORTUFF is a masterpiece crafted into a beautiful tile to bring an aura of vibrancy and rejuvenation to your beloved spaces.

DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles to resemble and look authentically identical to natural material (Stone, Wood, Fabric), and it has become increasingly difficult in many cases, to distinguish between two.

Recognising this situation, it is necessary to be informed on the grade of design & pattern variation that is expected from these products. As a general reference, the design & Pattern guide below classifies a scale of ranges according to the degree of variation.

V1 Uniform Appearance V2 Slight Variation V3 Moderate Variation V4 Substantial Variation

The classification is as follow:

V1 Minimal Variation V2 Slight Variation V3 Random Variation V4 Substantial Variation

High Definition Image

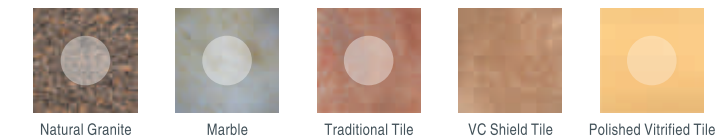

While laying the tiles please follow the arrow on the back of the tiles. For removing the wax from the surface of the tiles please use the soft cotton cloth for rubbing with any boric/talk powder

VEILCRAFT (VC) SHIELD

Not only look and style; the buzz word for the Gen X tile is timeless elegance. Here comes the revolutionary patented "VeilCraft (VC) Shield" technology, a 'high abrasion resistant glaze composition', known as VC (VeilCraft) Shield. This is the first ever patented technology in Indian Ceramic Industry. This not only gives you the perfect aesthetics for your space but also the lifelong protection to your floor.

Result Of The abrasion test at 25,000 revolutions as per the PEI Methodology

Patent Certificate for
"High Abrasion Resistant Glaze"
applied on VC Shield Tiles
